

## Designer Boss-Ladies Squad Video

I'm Anna Dower and I am a graphic design boss lady extraordinaire and design biz mentor that is proud as punch to work four days a week and earn a living doing what I love.

I'm humble bragging just a little, but believe me it's only because it hasn't always been like this. In fact, it's been almost x years since I flipped my soulless nine-to-five to the bird and sailed off into the sunset with nothing but my dream tucked under my arm.

The risk paid off though, because today I'm a cookie-loving entrepreneur in sneakers and I finally have the freedom and fun I've always craved. And ... I get paid for it. It's a dream come true.

But, I'm going to be honest, it isn't all moonshine and posies. Like any entrepreneur, I have struggled with feeling lonely, overwhelmed and totally fricken lost.

When I was starting out, I would have *killed* to have a business coach that could show me what to do to grow my biz quickly and effectively. Instead I had to tough it out by myself and learn the hard way. Spoiler alert: It took ten years and waaay more caffeine than any one human should ever consume.

I want better for you. I want you to have access to a wise af biz coach (yours truly) WITHOUT pimping out your poodle or getting a second mortgage on your home.

That's why I have created this group. The Designer Boss Ladies Squad is an online community just for female graphic designer entrepreneurs that want to learn from the very best experts in the field while they grow and build the biz they deserve.

It's like having a portable business coach at your disposal (not to mention a community of ridiculously cool and empowering boss ladies as your very own cheerleaders) ... without the wallet-bleeding price.

The Designer Boss Ladies Squad offers you growth, feedback, accountability, support, perspective and focus on tap. It's a space to unwind, learn, grow and expand. It's a community to laugh, cry and share. It's your squad.
